Call For Papers

Special Session on

Retrieval of Information and Computing in Information Technology (RICIT)

In association with **5th International Conference on Soft Computing for Problem Solving**
December 18-20, 2015
SAHARANPUR CAMPUS, IIT ROORKEE, INDIA

Scope

We are living in the era of data, which are the part of life. Most of the time valuable information is hidden in these data; hence it is suppose to retrieve it. An information retrieval system locates information that is relevant to a user's query. This system searches in collections of unstructured data. The need for an information retrieval system occurs when a collection reaches a size where traditional cataloguing techniques can no longer cope. With the growth of digitized unstructured information and rapid global access to enormous quantities of that information, the only viable solution to finding relevant items from these large text databases was search, and information retrieval systems became ubiquitous.

Aim

This special session with its warm approach welcomes researchers, scientists, engineers, scholars and all to share their innovative idea among technocrats arrived here from different corners of the world on this platform to provide state-of-the-art in Retrieval of Information and Computing in Information Technology.

Call for Papers

Authors are invited to submit their unpublished novel research work in the area of *Data Mining, Algorithm & Computations, Software Engineering, Networks and Security, Application in Resource utilization, Knowledge Data-base, Artificial Intelligence, Neural Networks, Image Processing, cloud computing, e-governance, NeGP, SWAN, and many more.*

Important Dates

Paper Submission: *May 15, 2015.* Notification of Acceptance: *Aug. 10, 2015.*
Camera-Ready paper: *Sep. 01, 2015.* Registration of Authors of accepted papers: *Sep. 01, 2015.*

Paper Publication

All the accepted papers to be presented in this session will be published in the proceeding of *AISC series of Springer* and the extended versions of the selected papers will be published in special issue of the International Journals.

Paper Submission

Full Length paper in the prescribed format of Springer can be submitted through the easy chair link provided at the Conference website: <http://easychair.org/conferences/?conf=socpros2015>

Track Chair

Om Prakash Dubey (omprakashdubeymaths@gmail.com), BCET, Durgapur, West Bengal, INDIA.
Satya Narayan Singh (snsinghxiss@rediffmail.com), XISS, Ranchi, Jharkhand, INDIA.
